Sub: Filing of ST 3 Returns for July-September, 2012 onwards: Need for expeditious disposal of pending Amendment Applications – Regarding

As you are aware, the electronic version of the new ST-3 form for the period July to September is under development and is likely to be available on 25th March, 2013 for e-filing by the assessees.

However, Assesses who are registered on or after 01.07.2012 for 'All Taxable Services - Other than in the Negative List' or those who have amended their Registration by adding the description 'Other than in the Negative List', are required to file amendment to their Registration online to delete the said description and add the relevant description(s) of Taxable Services available in the drop-down list in the online amendment Form. Only after doing so, these assesses will be able to file their return for the period July, 2012 onwards. They should therefore be advised to amend their ST-1 application first and file returns after approval of such amendment application by the Departmental Officers. If they have filed amendment applications but not able to file return it may be because the amendment applications have not been approved by the Departmental Officer.

Since large number of assesses may have this problem, all Range Superintendents falling under your jurisdiction may be directed to accord high priority to pending Amendment Applications and approve them expeditiously.

This issues with the approval of the Director-General, Systems.

Thanking you,

Yours faithfully

(D. P Dash)
